SENATOR RIGHTER:

Thank you, Madam President, Ladies and Gentlemen of the Chamber. House Bill 1550 is a simple bill. Passed through the Transportation Committee, I believe, on the agreed bill list. What this legislation would do is, a couple of years ago the General Assembly passed and the Governor signed a law allowing voluntary firefighters to put blue oscillating -- lights in their private vehicles so they could have those when they're on their way to a -- to the fire department. There's been some concern raised since then by law enforcement officials and some of the firefighters themselves about family members driving the vehicle that has the blue oscillating light in it, because, obviously, the family members, in most instances, are not -- voluntary firefighters. This bill simply changes the law. It reaffirms that a family member of a volunteer firefighter can drive the vehicle that might have the light in it. It also requires that there be an identification card or a letter in the vehicle at all times identifying the vehicle as one being used by a volunteer firefighter. Be happy to answer any questions.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Martinez.

SENATOR MARTINEZ:

Thank you, Madam President, Members of the Senate. House Bill 2260 establishes that Illinois certified court reporters are granted collective bargaining rights under the Illinois Public Labor Relations Act. Divides Illinois court reporters into three units for collective bargaining purposes. Gives authority, as the employer representative, to a chief judge in the judicial unit that employs the court reporter. Authorizes the appointment of court reporters to be done by the chief judge of the judicial unit, currently done by Supreme Court. Transfers various duties from the Supreme Court to the employer representative. Requires each employer representative to request appropriations to fund court reporters. Establishes severability clause.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any discussion? Senator Pankau.

SENATOR PANKAU:

STATE OF ILLINOIS
94th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

41st Legislative Day

5/16/2005

Thank you. This bill came through the Labor Committee. And the problem is that it basically allows the court reporters to unionize. And maybe that is something that you want in your county, and maybe it's not. But we thought the process was already in place. And, therefore, some of us voted No, because basically it allows them to unionize and it almost mandates that they unionize. If this is a concern for you, I urge your No vote on this.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? Senator Righter.

SENATOR RIGHTER:

Thank you, Madam President. Will the sponsor yield, please?

PRESIDING OFFICER: (SENATOR HALVORSON)

Sponsor indicates she'll yield.

SENATOR RIGHTER:

Senator, we had a little bit of a discussion on this in Labor Committee last week. In 1995, the Illinois Supreme Court made a ruling saying that the Public Relations {sic} Act does not apply to the courts, based on separation of powers. The Court's attitude is, we run the courts, the Governor doesn't run the courts, nor does the General Assembly run the courts, and so that law doesn't apply to us. I get the impression and you tell me, how is this bill going to change that ruling? Because I know this bill kind of says on its face that, well, the court reporters aren't going to be the employees of the Supreme Court anymore, we're going to kind of regionalize them. But, in fact, they're still going to be getting their paychecks, I think, from the Administrative Office of the Illinois Courts, which is the administrative wing of the Illinois Supreme Court. I mean, what's different -- what's -- what does this bill do that isolates us from that Supreme Court decision?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Martinez.

SENATOR MARTINEZ:

Thank you. Thank you, Senator. It -- it seems that for the past fifteen years the court reporters of the State of Illinois have been struggling to have the ability to be represented by the unions. It would just take and divide them into three different units. Each of the judge in that unit will be the ones to have

STATE OF ILLINOIS
94th GENERAL ASSEMBLY

the ability to -- right to hire, appoint, promote, evaluate, discipline and discharge the court reporters in his or her circuit. So, I think what we're trying to do here is just give them the ability to be able to unionize. And that's what this bill is about.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Righter.

SENATOR RIGHTER:

To the bill, Madam President. I appreciate very much the sponsor's intent here, but the simple fact is this: This is not a labor union issue; this is an issue of constitutionality. The bill says that the chief judges will apply to the Comptroller for an appropriation to pay their court reporter salary. That's not the way the appropriations process works. I can guarantee, if this bill passes this Chamber and is signed by the Governor, that in two years - minimum - the Supreme Court's going to kick this bill right back and say, "We told you in '95 that we run the court system; it's 2005, we still run the court system." This bill is unconstitutional, and on that basis, I would urge a No vote.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? Senator DeLeo.

SENATOR DeLEO:

Thank you very much, Madam President. Because of a potential conflict of interest, I'll be voting yellow on this -- on House Bill 2260.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? Senator Martinez, to close.

SENATOR MARTINEZ:

Thank you. Just a quick note that under the judicial employee have collective bargaining rights, other State employees have the right and the opportunity to collectively bargain over their wages, hours, terms and conditions of employment, pursuant to Illinois Public Labor Relations, including, but not limited to, probation officers and public defenders employed by the Illinois courts. So, I -- I -- I ask for a favorable roll call.

SENATOR RISINGER:

Thank you, Madam President. What this bill does is, Illinois residents who are members of the United States Armed Forces, the Illinois National Guard or the Reserves of the United States Armed Forces returning from service abroad or mobilized by the President of the United States, it allows them to camp, fish or hunt without paying fees after the member returns for a period of time that that member was in service abroad if they apply within two years of returning to the Department of Natural

Thank you, Madam President. House Bill 2566 amends the Veterans' Employment Act to transfer administrative responsibility from the Department of Employment Security to the Department of Commerce and Economic Opportunity. The Act essentially provides authority for State grants to community service centers to provide employment assistance and other support for veterans. And, essentially, this bill would require the Department of Commerce and Economic Opportunity to take over the administrative burden, since the prescriptions of this Act are beyond the Department of Employment Security's core mission. And I ask for a favorable vote.

Well, the cremated remains of someone didn't seem to have much of an opportunity to be auctioned off and a museum really wasn't looking for 'em. Code and creates the -- the School Safety Drill Act and is an initiative of the Governor's Office. This Drill Act applies to both public and private school facilities and provides for drills involving a number of emergency situations. It also allows for both the school district and the fire district in the community to work together, coordinate their efforts and make sure that the schools are as safe as -- as possible with these safety drills. I'd be happy to answer any questions and I ask for a favorable roll call.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any discussion? Senator Cronin.

SENATOR CRONIN:

Yes. Thank you very much, Madam President. I rise in strong opposition to this bill. And I got to ask all my colleagues to look a little bit more carefully at this. It looks good on the surface, but I assure you, you will hear from your school districts down the road about how intrusive this new policy may be. This is an initiative of the Governor and, with all due respect, I just don't think he's done his homework on this. They haven't talked to all the affected parties. They haven't brought all the fire, safety people to the table. They haven't brought the private school community to the table. You know, right now if a public school or a private school, parochial school, wants to do a fire safety drill, they simply call up their local fire chief, they schedule a time that's mutually convenient, that's not intrusive in the classroom, it works for the fire chief. Under this bill, the Governor can announce a big safety initiative, he can have a press conference, he can have his -- the -- his right-hand person, who's going to be in charge of this, demand that we have a safety drill at twenty-four hours' notice. I mean it really hasn't been -- there -- they haven't done their homework on it. I think it could have a negative impact on local schools. And I strongly urge a No vote.

then some tragedy, some terrorist attack or a -- some deranged person with a gun sets the school on -- starts shooting or sets the school on fire and they don't know how to get out of the building, you'll have to wear that jacket. So think long and hard. Just because it's the Governor's initiative doesn't make it a dumb initiative. This is the right thing to do, smart thing to do. And whether you like the Governor or not, or agree with him or not, think about the children. They need this -- these drills so they can be prepared. PRESIDING OFFICER: (SENATOR HALVORSON)

Yes. And those safety drills are, obviously, in place to make sure that the children know how to evacuate the building when necessary, or if there's a storm, where to go in the building. SENATOR HAINE:

Thank you, Madam President, Ladies and Gentlemen of the Senate. It's a very important bill dealing with private sewage disposal licensing. As you are all aware, I'm sure, there is at present -- present time there is a license for the Department of Public Health to administer a written examination to those who seek to install septic tanks and those who remove the waste therein. One exam and it -- the problem is that the exam is too complicated for those who just remove the waste. They don't want to know about installing the septic tanks. So, to encourage more people to enter this lucrative field, we propose a bill which would have two separate exams, which ought to do it. And I -- I'm -- when I was in the Army, we used to just burn it with airplane fuel, but you can't do that in most municipalities these days. So I would ask for an Aye vote and ask the -- this distinguished Body not to flush this bill.

but I -- I do want to know, I -- is there currently a fee for disposal or is there currently a license involved for -- for people that are doing this?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Haine.

SENATOR HAINE:

Yes, Senator, thank you for that question. There is a license now. This has been licensed for years. The problem is that the license entails a written exam that entails knowledge of how to set up the septic system and that is not necessary if one is simply going to remove the stuff. So they would like -- and so people are not passing the exam, because they're asked too much. So this merely kind of lessens the requirement to encourage those to enter this field.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Burzynski.

SENATOR BURZYNSKI:

Thank you, Madam President, Ladies and Gentlemen of the Senate. House Bill 3066 amends the Municipal Code with respect to the establishment of a TIF area. Under current law, only a city, a town or a village may establish a TIF. Under this bill any of the suburban townships in Cook County could establish a TIF in an unincorporated area of the county, so long as the county has approved the township's redevelopment plan by ordinance. I'm not aware of any opposition and I ask for your Aye votes.

SENATOR PETERSON:

Thank you, Madam President, Members of the Senate. House Bill 3095 is cleanup legislation regarding the Gavin School District. Last spring we passed House Bill 753 and this is cleanup language. It would remove the stipulation that this Section only affects downstate districts. Removes the stipulation that narrowly defined the Section for Gavin School District only. The eligibility criteria changed too. The school district must be in a tax cap county and the district must have a building condemned within ten years after the building's initial occupancy. And allows bonds currently allowed for repair,

SENATOR LINK:

Will the sponsor yield?

PRESIDING OFFICER: (SENATOR HALVORSON)

SENATOR LINK:

Senator Peterson, just one quick question. We know there's been a change of events up there at the Gavin School District. Will this have any effect if they don't go ahead with the demolition or anything of that nature? Will this just make this null and void or will this bill stay in effect for future endeavors of other school districts? Or will it enable them, if there should be another change in the guard of the board up there, to enact this? I know that they've already been granted a -- an amount of money for the -- the future development of another school, but that they have decided now not to demolish that school. What is the status of this?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Peterson.

SENATOR PETERSON:

Thank you, Senator Link. This would broaden the definition and make it -- other schools eligible for this if they meet this criteria. So, it -- and it doesn't stop the current process. It just -- it's cleanup from the legislation we had last year.

SENATOR ROSKAM:

Thank you, Madam President, Ladies and Gentlemen of the Senate. House Bill 3651 corrects a problem which was created in 1979, inadvertently, when three different Public Acts were adopted to amend Sections of the Highway Code on township road district taxes. In 2003, the Appellate Court ruled that the 1979 amendments were inconsistent and the last amendment repealed the second, which had provided that township taxes approved in an annual meeting after April 3rd, 1979, were permanent until repealed. The Appellate Court ruling has the effect of invalidating certain road district taxes. The Appellate Court also ruled that the taxes could not be reauthorized at an annual meeting as provided in the statutes and -- till the procedures for the approval of new taxes were followed. And those procedures, basically, require a referendum at a general election, which, in my view, is not practical in certain -- in urban townships. This bill validates the taxes under -- as intended under the '79 legislation and provides that the taxes that had been levied in the past are not to be treated as new taxes if reauthorized at an annual meeting in accordance with the Township Code. The bill only reauthorizes taxes that have been levied in the past and does not allow new taxes. It was supported by the Township Officials of Illinois. And I'd be happy to answer any questions.

Any further discussion? Senator Jacobs.

SENATOR JACOBS:

Question of the sponsor.

PRESIDING OFFICER: (SENATOR HALVORSON)

Sponsor indicates he'll yield.

SENATOR JACOBS:

Does -- does this bill remove the requirement for a referendum on a tax increase?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Roskam.

SENATOR ROSKAM:

You can argue both ways, Senator. I mean, theoretically you can characterize it at that. What it really is doing -- there's more townships that have this problem that realize it. This problem was brought to my attention by Naperville Township that I represent. What they pointed out is, based on the timing of legislation that has been passed and subsequent court decisions, you're now in a situation that the only way to put back into place taxes that exist currently, theoretically, is by referendum. And their argument is, "Look, that's really difficult to pass; let us just go back under -- under a town meeting, put 'em back - no harm, no foul." But you could argue, fairly, that -- as you said. I would argue the other way, that what we're doing is restoring something that has always intended to be in place.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? Seeing none, the question is, shall House Bill 3651 pass. Those in favor, vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Dahl.

SENATOR DAHL:

Yes. Senator, the -- the extension to thirty-five years is due to the fact that -- that twenty-three of the years are almost already gone and the development in that area is beginning to take hold and we need the extra time to continue with projects that are already in progress.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Sullivan.

SENATOR D. SULLIVAN:

SENATOR HENDON:

Thank you, Madam President. Senator Dahl, I -- I know you'd like to wrap it up, but in -- this is your first bill, so the President just has to be a little lenient here. You know, you took Senator Pat Welch's place, didn't you? I -- by now, Pat Welch would have passed well over twenty-one hundred bills and been defeated by about fifty-four hundred bills. It took you a little time to get going there didn't it, Senator?

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Dahl.

SENATOR DAHL:

It -- it seems, Senator, that -- that the fact that I was the only freshman Senator that was elected this year, the rest of the freshmen Senators on that side of the aisle were all appointed and it -- it seems to take a little longer to be able to get a bill through when you're elected on this side than it is when you're appointed on that side.

It allows a civil action against a person liable to the owner of -- of the land he or she entered upon with a motor vehicle as prohibited under the Act. The person may be liable for actual damages, but not less than two hundred and fifty dollars, if the vehicle is operated in a nature preserve or registered area as defined. Proponents are the Sierra Club, Nature Conservancy, Farm Bureau, and I'd be more than happy to answer any questions.

Senator Hunter.

SENATOR HUNTER:

Thank you, Madam President and Ladies and Gentlemen of the Senate. House Bill 4067 creates a new Act regarding the Children's Environmental Health Officer Act. And it mandates the Department of Public Health, subject to specific appropriations, to establish and maintain in the Office of Public Health Protection the Children's Environmental Health Officer. So, basically, what it does, it serves as an advisor to the Director of Public Health on matters within the scope of the Department pertaining to environmental health and environmental protection concerning children. I ask for a favorable vote.

SENATOR WATSON:

Yes. Thank you very much, Madam President. I appreciate the consideration to go back to this order of business. This is a TIF district extension, ironically enough. This happens to be Sullivan, which is in Moultrie County, and it extends their TIF district from twenty-three to thirty-five years. We have letters of support from the city, the county board, the fire department - the fire district, the school district and the township. There's no opposition to this. It passed overwhelmingly in the House and passed out of Local Government Committee, I believe ten to nothing.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any discussion? Senator Jones.

SENATOR W. JONES:

Thank you, Madam President. As all of you know in this Body, I've been a strong supporter of TIF districts. And Senator Watson has a fine bill and I recommend its unanimous passage.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? Senator Cronin.

SENATOR CRONIN:

Thank -- thank you, Madam President. Sorry to -- to digress from the lightheartedness, but I just wanted to point out that we are seeing a lot of bills that extend TIF districts and I had a bill in the Senate Rules, is where it remains, to limit the -- the extensions of TIF districts. I really think that we're going in the direction of permanent TIF. So, if you want to do something about it sometime, join me. But I guess in the meantime we're going to go along with these extensions. Just something to think about. Thank you.

PRESIDING OFFICER: (SENATOR HALVORSON)

Any further discussion? Senator Sandoval.

SENATOR SANDOVAL:

Thank you, Madam President. I just wanted to indicate that Leader Watson's bill flew out of the Committee on Commerce and Economic Development with a unanimous vote. I ask your support on this bill.

SENATOR WATSON:

Yes. Thank you very much. This also comes to us from Moultrie County. This provides that all members of a board of health must be residents of the county, except that a member who is required to be a physician, dentist or nurse may reside outside the county if there is no physician, dentist or nurse who reside in the county who is willing to serve and be able to serve. Once again, I don't believe there was any opposition. Passed out of the House with a 113 to nothing vote and I believe passed out of committee with a -- with an equal percentage.
